TESTIMONIALS (more breeds available on request)

ALBERT STAPLEFORD, Gosford, Legendary Thoroughbred Trainer (licensed 55 years)

I have been using TuffRock Conditioner Plus in feed now for almost 12 months and use the Poultice, am certainly impressed with the results. They help my horses maintain top condition and I am happy to recommend this product to any trainer.

PETER ROACH, Coffs Harbour, NSW, Thoroughbred Trainer (licensed 51 years)

After trying the TuffRock Conditioner Plus I was amazed at the results. You can easily see the results by how well they shine in their coats and it has really helped them on the track. All my horses love the natural taste making it really easy to use as well, simply paste 20ml over the tongue with feed. I use the Poultice now every day to support my horses in work.

KEVIN HAY, Goulburn Harness Racing *TuffRock Conditioner* was introduced as a product that can help racehorses maintain top condition and support healthy digestive tracts. We use in on our broodmares, weanlings and yearlings with incredibly good results. My racing colleagues now also use this product. Great product very easy to work with.

BRENDA OGILVY, Belltrees Polo Station, Brenda Ogilvy TuffRock Conditioner twice a day was given to a very light mare that had difficulty keeping condition on when in full tournament play. Within a week I saw that the mare had a renewed interest in feed, second week a weight increase was evident. An extremely useful and natural product.

ANTHEA MORAN, Tamworth Equestrian All my horses now seem to be brighter in the eye and more alert, enjoy better muscle tone and their coats have more depth of colour. I achieved all this by using a simple balanced feed and TuffRock; it could not have been easier. I noticed they converted better so we reduced their feed and still get fantastic results. No hesitation in recommending TuffRock. It's Great!!

KEVIN COOK STOCKHORSES, Yarra Junction, Victoria I was introduced to TuffRock Conditioner through the Australian Stockhorse Society and was very skeptical, I noticed it took about 4 weeks before the results spoke for themselves, excellent coat condition and a noticeable improvement in tail. I have no hesitation in recommending TuffRock Conditioner for stock horses.

ADDINGTON PARK PAINT & PINTO STUD, Canoelands Their coat condition is fantastic and their overall wellbeing is great. Mares that used to be nervous at shows in led class and under saddle are definitely much better than before. We have since tried the TuffRock Poultice, it works miracles on swollen legs, down within a day and good on allergic reactions. We are very happy with TuffRock.

JENI SNOWDEN, Polocrosse Wagga Wagga We use TuffRock Conditioner on all our competing horses to help maintain their stamina throughout the season. The TuffRock Poultice is great for sore shins and takes swelling down overnight. TuffRock make excellent products at a reasonable price.

GEOFF SAXBY, Winner 2006 Tamworth Cutting National Non-Pro Futurity on "Georgey Oak"

A friend introduced me to TuffRock's Conditioner Plus I gave it the hardest trial, preparing my 3 year old filly, "Georgey Oak" for the 2006 Cutting Horse Nationals in Tamworth. The results were fantastic; I found the conditioner helped her stamina, alertness and condition. I have used the poultice as well, another great product, highly recommend TuffRock.

KRISTIE CAMPBELL, Showjumping, Buchanan, Maitland My horse was very nervous and would play up especially when floating. Since starting him on TuffRock Conditioner he has stopped pawing the float and travels like a dream and no more playing up around other horses at shows and his coat, mane, tail and hooves look great.

BARBARA SMITH, Yarraman Park, Maitland, I was introduced to TuffRock's products years ago but being a skeptic I was hesitant to use them but after reading about these products I decided to give them a go. I had a pony who had the worst cold that I had ever seen and so I decided to start her on 20ml of Conditioner and after two days her cold had completely disappeared. Well I was hooked! So I put all my ponies on it.

It is an amazing product, I noticed that their coats were gleaming and there general well-being had improved. I highly recommend TuffRock to anyone that wants to bring home a winner!

ANTHONY HURLEY, Brettony Park, NSW I discovered TuffRock Conditioner in July when I was doing my western show run. Brettony Park Wat-Eva is like most t-breds and can be a bit picky when away from home. I started him on TuffRock Conditioner, within one week I noticed a difference not only in his coat and skin but also with increased appetite, he now licks the bowl clean wherever we are. I now have all my horses on Conditioner and recommend it to all.

TuffRock Poultice is another fantastic product not only for healing cuts and wounds, its great for those puffy fetlocks we get from standing on those stable floors at the Royals. They simply are the best products I've used in a long time.
